

Animal Science Products Announces the Addition of Holly Holloway

Wednesday August 26, 2009

Holly Holloway

Nacogdoches, Texas- Animal Science Products Inc., a leading privately-owned vitamin/trace mineral premix blender and feed additive distributor, announced today that Ms. Holly Holloway has joined the company's sales team.

Ms. Holloway is a native of Center, TX, and graduate of the Texas A & M University College of Agriculture with a Bachelor of Science Degree in Poultry Science. Ms. Holloway will have the responsibility of Inside Sales and Customer Service for Texas, Louisiana, and Arkansas. Ms. Holloway will also serve as distributor support for packaged goods.

Commenting on Ms. Holloway appointment, Michael Putnam, Feed Additive Business Unit Manager of Animal Science Products said, "We are pleased to have Holly join our team and her extensive experience and knowledge in integrated livestock production will be a valuable asset for us as well as our customers". Animal Science Products, Inc. is a family owned and operated business that was founded to service all facets of the feed and food animal production industry. The firm produces and distributes a full array of high-quality feed additives, micro ingredients and premixes for all species. Animal Science Products also serves the livestock, poultry, and companion animal markets with nutritional and health-related packaged goods. The company currently has sales in twenty-three states and twenty-five countries.
