

Animal Science Products Announces the Addition of Jacob Simmons to the Sales Team.

Monday, February 1, 2010

Jacob Simmons

Nacogdoches, Texas- Animal Science Products Inc., a leading privately-owned vitamin/trace mineral premix blender and feed additive distributor, announced today that Mr. Jacob Simmons has joined the company's sales team.

Mr. Simmons attended Stephen F. Austin State University where his studies were focused in Poultry Science and General Business. Mr. Simmons will have the responsibilities of Key Account Sales and Customer Service for the Animal Science Products, Inc. Feed Additive Business Unit.

Commenting on Mr. Simmons appointment, Bailey Reynolds, President of Animal Science Products said, "We are pleased to have Jake join our team and his extensive experience and knowledge in integrated livestock production will be a valuable asset for us as well as our customers".

Animal Science Products, Inc. is a family owned and operated business that was founded to service all facets of the feed and food animal production industry. The firm produces and distributes a full array of high-quality feed additives, micro ingredients and premixes for all species. Animal Science Products also serves the livestock, poultry, and companion animal markets with nutritional and health-related packaged goods. The company current has sales in twenty three states and twenty five countries.
